CONTRACT

## *Project Case Study*

### **PROJECT.**

Conrad Nashville pairs modern Southern luxury with a clean, boutique aesthetic—an ideal match for HMI's precision-crafted shower enclosures, which support the hotel's elevated design and five-star guest experience..

### **CHALLENGE.**

The project required exacting alignment of custom sandblasted glass, demanding a high level of precision in both layout and fabrication. Each opening was individually measured and produced to ensure a perfectly seamless fit across the entire installation.

### **HMI CONTRACT SOLUTION.**

Conrad selected HMI's Frameless Swing Enclosures with sandblasted privacy bands for a modern and seamless feature.

### **IMPACT.**

New modern open plan baths with a touch of individual privacy. Luxury at its finest – while capturing functionality and comfort.
